

Don't trash that baby.

**No blame. No shame.
No names.**

**If you can't take care of your baby,
bring it to any hospital emergency room.**

**You won't have to answer any questions.
You won't get into trouble.
The baby is safe.
And so are you.**

**(If you change your mind within 30 days,
you can come back for your baby.)**
