How to Donate Gifts of Stock

The simplest way to donate publicly traded stocks to the Center for Children's Advocacy (CCA) is to have your broker transfer shares electronically to CCA's brokerage account.

Once you have made the decision to transfer stock to CCA, please notify Rick Reichert at (203) 444-3542 or reichert@cca-ct.org, or return a completed [Stock Donation Notification Form](#).

Notifying us that the transfer is occurring is very important. It is the only way we can credit you for the donation, as **your name does not transfer with the stock.**

CCA will credit you for the value of the stock based on an average of the highest and lowest quoted selling prices on the day that your stock donation is received into CCA's account. We make every effort to sell the stock immediately upon receipt.

For your income tax purposes, your donation is completed on the day your broker transfers it to CCA's account. Please consult your tax advisor regarding the actual amount of your deduction and the date of the contribution.

Please note: CCA does not provide tax or legal advice. Please consult with your financial advisor on the tax implications of your charitable gifts.
